PRESENTATION OF REPORTS

MAYOR RANAE BARTLETT:

Mayor Bartlett reported on the following activities, events, and newsworthy items:

- Proud of the City employees, specifically Public Works, and Public Safety in dealing with the winter weather
- Thanked Code Enforcement, Fire, and Legal, The Building Church, and all of the other churches, volunteers and donors for their help with the issue that arose with the Sutton Apartments
- Thanked St. John's K5 class for bringing snacks to City Hall as part of their Catholic Schools Week
- Thanked Trey Johnkin once again for being a fine example and reading his essay
- **COUNCIL DISTRICT NO. 1 MAURA WROBLEWSKI**

Council Member Wroblewski reported on the following activities, events, and newsworthy items:

- On Monday, January 5, I attended our first of two monthly meetings at Madison Utilities. At that meeting, it was normal discussion of business, and there was no mention of water being turned off to anyone. On Friday January 9th at close of business, the city was notified by the Madison Utilities General Manager that water had been turned off the previous morning due to the Sutton apartments management for failure to pay. My main concern with this action is that our fire department was not notified for approximately 36 hours and this is a concern of how this could have ended in a terrible tragedy, so that is very upsetting to me.

On January 21, I attended my second monthly board meeting for Madison Utilities, and the Sutton Apartments were discussed at length. The property owners were significantly behind in their payment to Madison Utilities. This has been an ongoing issue with this company since 2022. This same property management company owns three apartment complexes in Huntsville, but Huntsville Utilities did not turn off their water even though the debt was greater than that of Madison Utilities.

I also asked if we could waive the fee for approximately 12 families for their next deposit for Madison Utilities? Some folks have moved into an apartment and some folks have moved into a home, and Madison Utilities was requiring a deposit for any of those new locations. Every board of Director and the general manager said absolutely not. That if they had to do it for one, they would have to do it for all. I disagreed with this and I again said that Huntsville Utilities waived the deposit for those impacted in the three apartment complexes that they service and I felt that we could do the same.

I am extremely concerned about the actions that this Board of Directors has taken over the last six months. Never in my wildest dreams would I have thought Madison Utilities would remove fluoride from our water system. Studies have shown that fluoride is one of the greatest medical discoveries of the 20th century.

This is the second example where this authority has put our citizens health and lives at risk. The next member of the Board of Directors term does not expire until 2028 when two board member terms end. I have shared with Mayor Bartlett and our city attorney Ms. Zingarelli that I would like to explore all options by reviewing this procedure. This is my recap of the recent course of events.

- Escapology is an escape room and the ribbon cutting ceremony will be a fun event
- Civic Awareness Academy Spring semester has opened online for registration, space is limited

New lighting at the lower quad is in progress and will be ready for the first pitch of the season. Netting projects are underway to replace the backstops that were rusted.
